Become a Grease Gator Distributor

THE TIME IS NOW FOR THE AQUEOUS GREASE GATOR WITH ITS INNOVATIVE PURIFICATION SYSTEM. BE A PART OF IT. BECOME A GREASE GATOR DISTRIBUTOR.

We are now recruiting distributors to help us change the parts washer industry forever. The Aqueous Grease Gator, developed by Pollution Control Engineers at the University of Illinois, will open up a new market for your business. The Grease Gator transforms a service business into a product sale. And its Pollution Prevention features will enhance your business reputation.

“ *It cleans a thousand times better than anything we have used before. It has no odor and is safe for our staff. Add to that the fact that parts won't rust after they are cleaned and it's pretty hard to beat!* ”

Terry Whitlock, Service Manager
Burger Chrysler, Jeep, Daewoo, Terre Haute IN

The Grease Gator:

- ☑ Improves your customer's bottom line and worker safety. Eliminates the need for costly hazardous waste fluid exchange services and extends dramatically the cleaning solution's life with a very low maintenance, on board fluid purifier. Aqueous, no solvent, no mineral spirits.
- ☑ Multiplies your revenue with the **Grease Gator Team Sales Advantage**. You recruit selling partners and share in their selling success. The opportunity is open-ended.

What you will provide:

- An enthusiastic personality with a passion to help your customers be more successful.
- A customer base ready for a dramatic improvement in their parts washer process. Customers who want to save money and clean safer.

What the Grease Gator will provide:

- An aqueous cleaner which cleans 57% faster with 99.5% less VOC emissions than mineral spirits.
- A low maintenance parts washer with constantly clean fluid ready to clean the toughest assignments.

What SSI will provide:

- A sales mentor that will train you in the set-up, operation and selling of the Grease Gator.
- Grease Gator advertising and technical support services.
