

TOP TEN REASONS TO BUY AN AQUEOUS GREASE GATOR

- Cleans 57% faster than mineral spirits. Cuts labor costs 57%.
- " Reduces VOC emissions by 99.5% over mineral spirits.
- " Eliminates the need for an expensive parts washer service provider. Innovative purification system inside the drum keeps the non-hazardous cleaning solution constantly clean, every day, every week, every month.
- ' Eliminates 1,000 lbs. of organic waste per machine per year for each mineral spirits parts washer replaced.
- ' Reduces workplace hazards and improves workplace morale. No hazardous fumes, no putting hands in hazardous chemical, no risk of fire.
- Provides many years of trouble-free service; the Grease Gator is constructed with the highest quality components including a stainless steel sink. In case of trouble, help is never far away at 1-800-TELL-SSI.

- Grease Gator users are passionate about their machines:

"No odor, no risk of fire, reduces costs, and improves employee morale because it cleans so well and so easily."

Pedro Caraballo, EHS Director,
Dynamic Manufacturing

"We were blown away by its performance."

Tim Hargrove, Service
Manager, Pauly Toyota

"Cleans a thousand times better than our other machines."

Terry Whitlock, Manager - Service
Department, Berger Chrysler, Jeep, Daewoo

"Our people love it!"

Mark Glawe, Senior Automotive

Ž Purchase price includes 5 year supply of cleaning solution. Beyond that, operate the Grease Gator for less than \$300/year. Plus, you will realize significant labor savings when you start cleaning 57% faster. And, the oil collected by the Grease Gator has value for recycling.

- Improves your customer recognition. Environmentally positive decision of eliminating solvent use (your grandchildren will appreciate it!)
