

# We did it.

We turned a service into a product.

## Now we need your help.

The innovative, university lab created Grease Gator has rendered the fleet of parts washer service providers redundant. You can now compete and win this business!

We are recruiting Distributors for the Grease Gator now. Find out how you can participate in this emerging market opportunity. Check out our web site at [www.solvent-systems.com](http://www.solvent-systems.com) or contact us. You need to know more about this extraordinary opportunity.
